

Would you like to help student nurses learn how to work with people with learning disabilities ?

We have been working with Canterbury Christchurch University over the past few years delivering training sessions to student nurses and now we would like to open this opportunity up to people living in Swale.

If you would like to take part in the next training sessions on:

**Thursday 24th August 2017**  
or  
**Wednesday 30th August**

at  
The School of Nursing  
Medway Campus  
Canterbury Christchurch University  
Chatham Maritime,  
Kent, ME4 4UF.
