

Kent Learning Disability Partnership Board review 2021

Update from Learning Disability England

People are getting involved in 3 main ways:

1. On December 6th, Learning Disability England held a discussion session on the questions in the next slides. Twenty-two people attended.
2. Five local groups are running their own sessions.
3. There is also a survey for people to feed back.

Think about when the Board has done a good job and made a difference...

What did it do?

Who helped it happen?

Give an example of what happened

What has been good about the Partnership Board so far?

How can the Partnership Board make a difference?

How can the Board show what all services (not only services just for people with a learning disability) should do for people with a learning disability to live a healthy good life?

How can the Board show or talk about what is most important to people?

How can the Board target its work to what is most important to people?

How can the Partnership Board be part of the bigger picture and connected to other work in Kent?

How is the Board connected to people who are often not heard?

How are advocacy organisations connected to the Board or supporting it?

How can the Board include and represent autistic and other neurodivergent people?

How can the Partnership Board be part of the bigger picture?

How should the Partnership Board Work to do a good job?

Who should be a member of the Board?

Doing the work in and between meetings

Leadership and Co-Chairing

How can other people hear what the Board is doing?

If I ruled the world

To make the Learning Disability Partnership Board a strong and influential Board I would

Next steps

Learning Disability England will look at all the feedback from the open meeting on 6th December and the local group sessions

We have asked for local group feedback by Friday December 17th.

We also have a survey open at the moment. Here is the link: <https://www.surveymonkey.co.uk/r/PNZ5S9L>

We will keep the survey open until 5th January 2022 for any last minute feedback.

Next steps

A small group from the Partnership Board will work with Learning Disability England to check all the ideas and work out what is important to do next.

I know Toni will be asking for volunteers for the small group at this meeting!

This small group will write a draft plan for -

- How the Board meetings work and rules for the future
- How the Board is part of the bigger picture and is connected to other people or groups
- How the Board really makes a difference

The plan is that the Partnership Board is ready to work in a new way in April 2022.

Thank you

Seasons
greetings
