## Kent Learning Disability Partnership Board Delivery Group Project Application Form

Date of application; 28<sup>th</sup> June 2013

Name of Delivery Group: Good Health Group

How much are you asking for? £320

Please tell us about your Project: Hospital passport on key fobs  
- The idea is that the information from the hospital passport gets put onto a computer and people carry around a key fob. The key fob has a code on it which the hospital can scan to access the information. The information is held locally and so this would only work at your local hospital.

How will the Project link with District Partnership Group Plans?

This links with the Good Health Group in helping staff assist people with a learning disability when they visit hospitals

Please tell us expected start time of Project

Expected finish time of Project

## Ongoing

Please tell us what are the expected outcomes of your Project?

Dartford District Partnership Group has already paid for 500 of the key fobs to roll out to people and is also hoping to use the fobs in the 'message in a bottle' scheme.

(The message in a bottle scheme is where the 'bottle' a small plastic container is kept in the fridge and holds details of the person's carer or next of kin, medical condition and GP etc).

If your application is successful the Kent Learning Disability Partnership Board and Valuing People Now Cabinet will expect you to report back to them on the progress of your Project half way through and at the finish of you Project.

We expect people to keep good account of how the money is spent. If any money is left over from your project we would like it returned to Kent County Council at the end of your project.

Please send application to Joanne Jones at Kent County Council at;

Joanne Jones,  
Kent County Council,  
Brenchley House,  
Maidstone,  
Kent,  
ME 14 1RF

Or email [joanne.jones1@kent.gov.uk](mailto:joanne.jones1@kent.gov.uk)

Please state how you would like the money to be paid
